INSTRUCTIONS

Installation of eyelet hook sliders | Item 50473 01 000 000

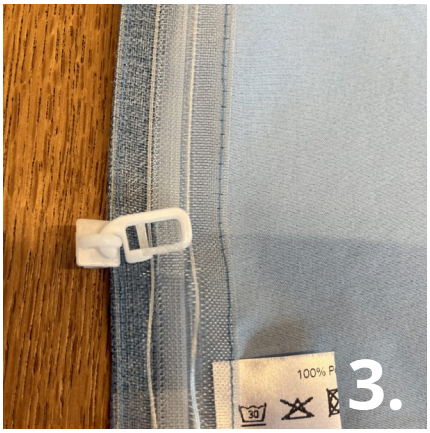

1.
The matching hook gliders are available separately

2.
Carefully insert the hook gliders into the open section of the curtain tape from below

3.
Once the hook sliders have been inserted, the hooks below the slider can be closed

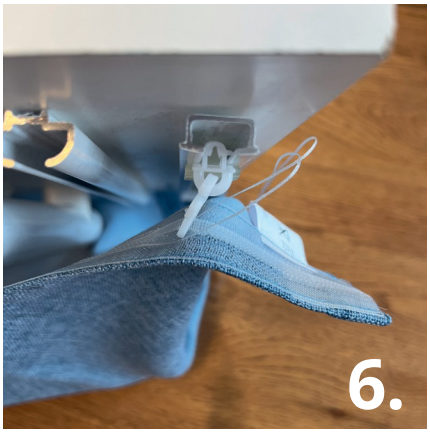

4.
Once all the hook sliders have been fitted, the two threads at the end of the curtain tape can be pulled carefully and as desired to create the pleats

5.
Once the desired pleats have been formed, the two ends of the thread can be tied together

6.
Inserting the runners into the curtain rail

7.
The four end stops supplied can be fitted at the end of the rail
