

Smart DLP Projector

Please read the instruction carefully before use this product, and properly keep for the future reference

Warning

- 1: Use this unit only for its intended use as described in this manual.
- 2: Unplug this unit during lightning storms or when unused for long periods of time.
- 3: The unit should be situated away from direct sunlight or heat sources such as radiators, electric heaters, heat registers, stoves or other units (Including amplifiers) that produce heat. Avoid placing on top of stereo equipment that radiates heat.
- 4: Never block the air openings of the unit with materials such as plastic bags, clothing or papers, or place it on a soft surface such as a bed or couch, where the air openings may be blocked. Those may result in overheating and damage the unit.
- 5: Do not overload electrical outlet. Use only the power source as indicated.
- 6: Never operate this unit if it has a damaged cord or plug, if it is not working properly, or if it has been dropped or damaged, or dropped into water. If the unit's power supply cord or plug is damaged, do not attempt to fix it yourself.
- 7: To avoid the risk of electric shock, do not disassemble or attempt to repair the unit. Incorrect repair can cause risk of electric shock or injury to persons when unit is used.
- 8: Keep product out of children's reach.
- 9: Never dispose of the product in fire or water, which may result in explosion and / or injury.
- 10: Make sure that the standard power adapter is used. Other adapters may cause serious damage to the item.
- 11: Please keep the lens clean. Dirt or scratches will affect the project.
- 12: Unplug the power before clean the item. Clean the item with a clean cotton wool or soft cloth, and then wipe off the residual moisture with a dry cloth.
- 13: Do not place the item on your legs or any part of the body to prevent injury from the heat.
